CAPABILITY & EXPERTISE IN ALL IT/AV AREAS INCLUDING:

Networking
Information Assurance
Virtualization/SDN
Network Access Control
Network Management

Wireless/Mobility
VoIP/IP Telephony
Data Storage
Computing/Display
Audio/Visual

IP Video/VTC
Power/UPS/KVM
Cabling/Connectors
Managed Services
PROFESSIONAL SERVICES

01 INFORMATION TECHNOLOGY & AUDIO-VISUAL

• Systems Design
• Systems Engineering
• Systems Integration
• Systems Validation / Testing
• Program/ Project Management
• Information Assurance Compliance
• Training Development / Offering
• Network / System Administration
• IT Facilities Management
• Hardware / Software Procurement
• Software Development / Integration
• Cable Plant Design / Installation
• Maintenance / Support
• Lifecycle Management

02 OTHER CUSTOM SERVICES

• Technology Assessment
• Risk Analysis / Audits
• Strategic Planning
• Staff Augmentation
• Solution Sales
• Contracting Support
• Proposal Development/Evaluation
• CAD Design
• Civil Engineering Support
• Safety Assessments
• Medical Simulation
• Help Desk
• Warehousing/Staging
• Logistics/Transportation
Over 1,200 IT brands & solutions offered, including:

- AVAYA
- CRESTRON
- CISCO
